

WiFi Video & Security

OCam-Apple - OCam-Apple - WiFi Video Camera

OCam-Apple Wherever you are, See all you can see!

OCam-Apple has never been easier to add to your home security system. It only takes minutes to set up and keep you connected to your home or office from anywhere in the world.

Accessing live streaming video on your iOS/Android smartphone, tablet or computer at any time, which means you're never far from home. Ocam-Apple has 720P high definition video, 115° field of view and high quality of night vision. This smart security camera is good for increasing visibility into baby's room, points of entry, basements, garages, pet room, outside the home and business office. It is easy to stay connected with places, people and pets, no matter where you are. You're never far from the things you love.

OCam Apple

Safety Approval :

Feature

LED power and status indicator.

Build-in WiFi communication function supporting IEEE 802.11n / 150Mbps wireless technology.

Ingenious! Stylish! Light weight! Compact! Easy to carry! Use in anywhere! Anytime! Perfect for travelling.

The high quality sensor gives you extremely clear night view in the low light environment.

With the cycle recording feature, you can achieve non-interrupted recording when the memory card is full.

The motion triggered recording ability save memory space to provide efficient memory storage to the device.

A specially designed wide-angle lens is designed to suit a diverse range of shooting/recording requirements.

Support iOS / Android App, more simple and convenient user experience by using smartphone and tablet.
